Hanauma Bay ハナウマ・ベイ

Snorkelers are treated to a vast array of tropical fishes at the popular "natural aquarium"—Hanauma Bay.

HONOLULU HI 968

We are a 2nd grade class from Kalihi on the island of Oahu. Our community is part of Honolulu, the capital of Hawaii. We live 7 miles from Waikiki beach and enjoy spending time at other beaches with our families on weekends. Our school, Fern Elementary, is named after the first mayor of Honolulu and the 12th mayor attended our school. We are a block away from one of the state's largest commercial bakeries and can often smell donuts and bread during the day. Aloha!
