SPRINGTIME IN KENTUCKY

Beautiful white and pink dogwoods display their magic along a white plank fence.

Hello, we are class of kindergarten students who attend the Jessamine Early Learning Village in Nicholasville KY. Our school has only preschool and kindergarten and we have over 1000 students. Our school is in central KY, in the Bluegrass region. It is also known as the horse capital of the world.

At school we like to read in our "just right books", write in our journals and have fun playing math games. We love learning science through experiments.

Sincerely, Mrs. Miller's Class
