Massachusetts

Hello from The Bay State! We have lots of cool historical sites because we are one of the original thirteen colonies. The Pilgrims landed here in Plimoth in 1620. We also have some great sports teams (usually), like the Bruins, Patriots, Celtics, and Red Sox. Cape Cod is a great place to vacation and it helps you pick out MA on a map because it looks like a hook! Many authors and illustrators like Dr. Seuss and Peter H. Reynolds are from here. Our school is named after our state tree, the American Elm! Check out our blog because we will be adding more about our great state there! From, Miss Perron's 2nd Grade Stars
