Greetings from North Carolina, the Tarheel State! Did you know that Pepsi was created in NC? Yum! The Wright Brothers made the very first airplane flight on the coast of our state! We have beaches to the east and mountains to the west. We live in the middle of the state, near Charlotte. Ever heard of the Carolina Panthers? Their football stadium is 30 minutes from our school. If you want to learn more about NC, contact our teacher at mrskincaid@blogspot.com!
