Howdy from Wyoming!

We are a first grade class in Douglas, WY.  
 We have a jackalope in our town. A jackalope is a rabbit with horns. If you visit our town, you could go to Jackalope Square and take a picture with a jackalope. We live by the North Platte River but can see mountains from our playground. There are 20 students (11 girls and 9 boys) in our class. We are working hard at becoming better readers. We are learning about penguins in science.
